TELEPHONE ENGINEERING COMPANY
 LINCOLN BUILDING
 SIMPSON, PA.

Carbondale 282-5100

We have a phone for every purpose—in the home, office, garage, warehouse, apartment house —wherever there is a need for modern, quick efficient communication. Here — at last — is the modern handset model at unbelievable low prices.

These telephones are complete with power supply, 50 ft. of wire and step by step wiring instructions.

\$29.95 for 2

Immediate Delivery

Model 6
(Suspended Wall Telephone)

The Suspended Handset, Wall telephone is an ultra-modernistic, compact, all-purpose telephone. This beautiful instrument will enhance the appearance of whatever location it is used in.

Standard color is Black with wrinkle finish.

Steel casing—bakelite handset.

Model 7
(Aluminum Cradle Desk Telephone)

Here is the busy man's favorite. Sturdily constructed aluminum case with bakelite handset. This set will stand hard knocks and abuse, and continue to render efficient service for a long time.

Standard color is Black with wrinkle finish.

Models No. 6 and No. 7

Two Telephones (1 button) with 50 ft. of wire, 6 volt battery, impedance coil and simple wiring instructions at \$29.95. Additional wire (inside) at \$3.00 per 100 ft., outside wire at \$5.00 per 100 ft. (can be buried in ground). Using coded ringing any number of phones can be added in circuit when needed without changing the wiring. Additional telephone at \$14.95 each.

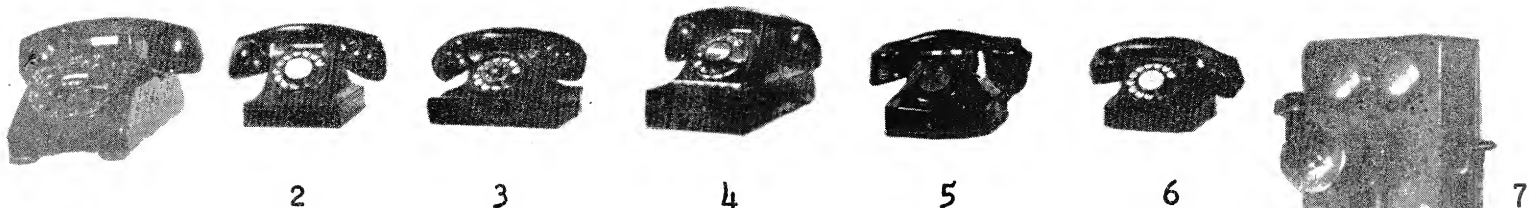

Coded ringing—all telephones ring when button is pressed.

Models No. 6 and No. 7: Selective ringing, can ring each individual station.

- 3 phone system (2 button) at \$21.00 per instrument, wire at 6 cents per ft.
- 4 phone system (3 button) at \$23.00 per instrument, wire at 7 cents per ft.
- 7 phone system (6 button) at \$29.00 per instrument, wire at 10 cents per ft.
- 13 phone system (12 button) at \$50.00 per instrument, wire at 16 cents per ft.
